Description

This is an attractive George III Mahogany snap top table with a wonderful rich colour and a lovely antique patina. The table has a turned column design with tripod base on pad feet and a tilt action dished top with its original hand forged catch to the underside. This is in really nice clean condition and in good order overall. It has had a small historic repair to one of the pad feet as shown but sympathetically and robustly restored. The colour is a delight and the patina literally glows. This dates from around 1820 and measures 72 cms high by 63 cms in diameter. UK delivery can be arranged with our trusted furniture courier and costs £55 plus vat to most destinations.
