Description

Dimensions:W: 85cm (33.5")H: 142cm (55.9") Antique French Louis Philippe mirror from the early 1800s. It is in excellent condition with no chips. It has gorgeous real gilt (gold leaf) on gesso frame and its original mercury glass. Mercury glass was not made after 1840 and gives a wonderful sparkle like no other glass. The plate has lovely light foxing, which we love as it shows immediately it is antique. It has a wire ready to be hung.
