Description

A George V era silver photo frame with clear hallmarks for Birmingham 1930 and makers mark for Lionel Smith & Co. The frame features wide silver edges around the inner image and the silver also wraps round the sides of the oak easel back. The frame replicates a classical shape with a raised pediment and columnar sides. The depth of silver at the pediment is 3cm and 2cm at the sides. The edge of the frame is fluted in four levels and the interior edge is also fluted to focus on the image. Plenty of sparkle reflected by the frame. Excellent condition. Inner image 14cmH. 10cmW.
