Description

A good quality bank of drawers dating from the mid 19th Century. They are likely to have been used in a workshop or shop and have developed a lovely patina. There are 6 drawers in total of varying sizes. Each has a small brass knob apart from the top left drawer which has a lock and key. It is in good condition and well made. The drawers are generally clean and tidy and it is certainly a very usable piece. There are some minor marks and knocks and signs of age and use but no major damages and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £35
