Description

Gents Longines Flagship automatic wrist watch, 1960. UK POSTAGE ONLY FOR THIS ITEM. The watch has a 17-jewel calibre 340 automatic movement which is working nicely. The movement is signed with the Longines name, and it carries the serial number 11,529,765 which dates it back to 1960. The watch measures 35mm diameter excluding the signed Longines winding crown and the lugs. The case is stainless steel and it is in good condition. The back of the watch has the 18 carat gold Longines Flagship medallion. It states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The inside of the case back is also signed Longines Flagship. The lens is in lovely condition. The signed dial is in its original finish with original hands and centre seconds hand. The watch has a later leather strap in a handsome conker colour. The watch comes in a new presentation box.
