Description

An unusual solid silver Indian box. It is made from silver Indian coins from Hyderabad, and I would date to c1920-1930, the coins were in use 1912-1925. It has been superbly designed so that it looks like a stack of coins. It is in super condition being free from dings splits holes and repairs. It measures approx. 1.25 inches (3.1cms) across by a touch under 1 inch (1.8cms) tall and weighs 40 grams. A superbly designed interesting piece.
