Description

Lynn wine glass the round funnel bowl with three concentric rings, double series opaque twist stem and plain conical foot. English c1765. Bowl dia: 5cm. Foot dia: 6.5 cm. Condition: Very good. Note: Lynn glassware is characterised by two or more shallow ribbed concentric rings. Such glass was attributed to King's Lynn by Albert Hartshorne in 1897, however, there is no evidence of any glass house producing glassware in King's Lynn at the time. A possible explanation is that there was a warehouse owned by a King's Lynn glass house. Francis Buckley in Old English Glass (1923) suggest such glass may have been made in Great Yarmouth. Delivery by Royal Mail 24 hour tracked and signed. UK £8.00 Outside UK £20.
