Description

1930s Favor full hunter pocket watch. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 53mm diameter excluding the winding stem and the loop. The watch has a good quality gold plated case. It is beautifully detailed on the front and the back with an Art Deco design. The case is in very nice condition, just the odd light mark. The winding crown pushes in to release the front cover. Inside there is a glass lens which is in lovely condition (lots of white reflection showing in the photos). The dial is signed Favor, a brand name registered by at least nine companies over the years but we believe this to be a Schätzle & Tschudin piece. The dial is in beautiful original condition with original hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
