FINE & RARE mid 18th century Cuban mahogany Chippendale design Gentleman's gout chair. The show wood is all stunning blind fret and the chair has been beautifully upholstered in an expensive Harris tweed type material. The chair has been made (at the time) specifically as a gout chair for a large important Gentleman. It bears many of the hallmarks of a chair by Alexander Peters. Alexander Peters made some of the furniture for Dumfries House as well as Thomas Chippendale himself. As you might expect the chair is very heavy. Very good condition with no issues at all.
