Item Reference: SA1163017

Date of manufacture: 19th Century

Description

A rather unusual Minton garden seat, with buff drab coloured seat and base, a wide border of flowers, and this interesting design in the middle. It has three small tight cracks riveted, which does not take away from its charm - an art form of restoration that has long been lost. Displays well and is very usable as a table. Measures 44x25 cms
