Description

A compact late Georgian mahogany chest of drawers constructed in mahogany with the thumb-moulded top over four full-width graduated drawers standing on original finely shaped bracket feet. A practical, understated chest with a classic Georgian silhouette and a conveniently smaller footprint that suits most interiors. Its honest, utilitarian character would complement a bedroom, hallway or living room where elegant storage is needed without formality. Presented in very good antique condition with a warm, rich patina and light age related surface wear. Fitted with non-original but period-appropriate swan-neck brass handles. Structurally sound, clean and ready to place in the home. English, circa 1800. H: 83.5 W: 82.5 D: 48 cm
