Description

A superb set of six solid silver schnapps tot or shot cup. They are unmarked but acid test as high grade silver. I would date them to the mid 20th century most likely central European. They have been beautifully designed being decorated with roses. They is in superb condition being free from dings splits and repairs, tiny marks to one. They measure almost 1.75 inches (3.8cms) tall by 1.25 inches (3cms) across the rim and combined weigh 150 grams. A nice clean useable set.
