Description

A superb large rare beautiful American antique solid sterling silver tea strainer. It is hallmarked STERLING along with the makers mark of A W HILL. I would date it to c1910. It has been beautifully hand made and is in superb condition being free from dings splits and repairs. It measures over 5.75 inches (14.8cm) long including the handle and over 2.75 inches (7.4cm) excluding it and weighs 62 grams. A stunning piece.
