Description

A fine and impressive antique 2.00 carat white opal and 0.16 carat diamond, 18 carat yellow gold five stone ring; part of our antique jewellery and estate jewelry collections. This fine and impressive five stone ring has been crafted in 18 carat yellow gold. The pierced decorated frame is ornamented with five claw set cabochon cut white opals, totalling 2cts, in a graduating linear design. The main setting is further embellished with eight pavé set mine cut diamonds, set in sequence with the main gemstones. The pierced decorated shoulders integrate with the main setting and blend seamlessly with the plain ring shank. This stunning dress ring is hallmarked with the maker's mark, the gold guarantee mark (crown), the 18ct gold mark (18), the Birmingham Assay Office hallmark (anchor) and the date letter for 1905 (f). This impressive opal ring is supplied with an IDGL diamond and gemstone grading report card. Such examples with full deeply struck hallmarks and interspersed opals are becoming increasingly difficult to locate and indicate the high quality of the ring. This five stone opal ring in gold is a refined gift for anniversaries, October birthdays, or romantic occasions.
