Description

Fabulous English 19th Century Large Antique Cast Iron Horse Head Sculpture. A beautifully well cast English 19th century large antique iron horses head sculpture. It was covered in many layers of paint so we have taken it back to the bare metal so you can see the head in fine details, even the veins. In superb, complete condition, the horse sculpture stands on an iron base with holes to each corner for mounting onto stone or wood. A wonderful piece, such good quality and condition.
