Description

Early 20th Century English Bronze Lantern A true statement piece of interior lighting in the form of an English bronze art deco style lantern. With milk glass inserts both to sides and bottom and recently re-wired for modern day use. This is a very heavy light fitting, weighing close to 30kg. Covered in natural Verdigris and patination due to its age and use. With a side opening latched window for ease of access. A stunning example in our humble opinion. Size: H 26" x W 14" x D 14" Origin: English Date:1920 -1930 Condition: Aged CHAIN NOT INCLUDED A worn and well used object with faded areas of loss. A deep natural patination and Verdigris cover this light. With replacement glass inserts and new rewiring for modern day use. A very heavy light and this is reflected in the shipping quote.
