Description

A fine antique coal scuttle dating from the early 20th century, complete with its original metal liner and matching brass-handled shovel. The piece is crafted in wood with brass mounts, standing on shaped brass feet. The front is decorated with an ornate repoussé brass panel featuring a heraldic-style design, adding both character and charm. The hinged lid lifts to reveal the removable liner, while the brass handle to the top makes it practical to move and use. A wonderful antique accessory for a fireplace, both decorative and functional, that will enhance any period interior.
