It is believed to be a strong protector of children. It protects the wearer from accidents and protects travellers. Malachite has been used to aid success in business and protect against undesirable business associations. It is a stone of balance in relationships. Malachite is always green, usually in banded tones varying from very dark green to a mellow green. Malachite has been mined in large quantities from the Urals in Russia, in Africa (Congo, Gabon, Zambia, Namibia), Mexico, Australia, Israel, Lyon in France and...
