Description

Gents 1950s Roamer wrist watch. The watch has a Swiss 17-jewel, MST 400, which is working nicely. The watch measures 28mm wide excluding the winding crown, and 26mm high excluding the lugs. The case is gold plated while the case back is stainless steel. It is in lovely condition, as is the convex lens (some reflection showing in the photos). The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. A later leather strap has been fitted. The watch comes in a new presentation box.
