Description

A matching pair of solid Sterling Silver pepper shakers. They are stylish and good quality each stood on four feet with pointed finials and pierced tops. They weigh approximately 129g. They are clearly hallmarked for London, 1903 and the maker John Round. They also appear to carry the military crow's foot so likely had a military history. They are in good condition for their age. There are some faint surface marks and minor dinks and dents here and there but nothing detrimental. They have been gently cleaned and polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £7 Rest of the world £25
