Description

Superb 1930's Art Deco French bakelite clock by Blangy, totally authentic . Blangy is a French clock maker and in our opinion offers some of the most distinctive Art Deco clock dials available. This example is no exception, it really can't be mistaken for any other era. The overall condition is amazing, very crisp and clean and free from the normal fading and discolouration. A renowned French maker of the Art Deco period ; this model appeared in their catalogue up to 1939. The cubic chrome clock was known as the "Moderne" when sold on its own , but this version is mounted in a geometrically stepped black bakelite casing & very rare . A great sized clock which can easily be used for mantle, desk or bedside. Fully and professionally serviced this clock is in full working order including the alarm. The biggest stand-out though is the condition, even on close examination, it looks practically brand new ! it must have been tucked away in a drawer for 85 years ~ the chrome, the bakelite, it is all perfect. Also, of course, running and working absolutely fine. For a collector, this is definitely one not to miss. FREE UK mainland delivery
