Antique silver brooch

Price

GBP 115

| USD \$157 | EUR 134

Item Reference: SA1168379

Date of manufacture: Victorian

Description

This is a perfect gift for an equestrian lover of countryside traditions. The brooch is cast and sculpted from solid silver and has a significant weight. The horse fore shoe has incredible detail from the toe clip to the heel and has clearly seven nail heads. From the "off-fore" shoe to the foxes head "mask" no detail has been spared and the fox has small inset rubies as eyes. Even the hunting crop has a loop for the lash attachment and the leather plaiting clearly marked. A truly special present for either a lady or gentleman. I
