Description

Unisex Bulova Cadet wrist watch, 1947. The watch has a fully signed Swiss 15-jewel hand-winding movement, calibre 10BC, which is working nicely. The watch measures 25mm wide excluding the winding crown and 28mm high excluding the lugs. The case is 10k rolled gold with a stainless steel case back, and it is all in lovely condition. The lens is in good condition (quite a lot of reflection showing in the photos). The signed dial is in its original finish with original hands and a subsidiary seconds dial. A new leather strap has been fitted. The watch comes in a new presentation box.
