Victorian Grand Tall Scottish Chest of Drawers

Price

Sold**Item Reference: SA1168821****Date of manufacture: 19th Century**

Description

An imposing Scottish original bow fronted chest of five drawers with stunning octagonal shaped turned columns either side and an attractive fret shaped apron in between the turned feet. This is an unrestored piece (still well waxed throughout) in its original condition with old cosmetic imperfections (part of veneer missing, a section of the base of three of knobs missing and some fissures and marks) which, while do not interfere with its character and functionality, they are reflected in the price. Please be sure to check all the images as these form part of the description. Dimensions: Width 133cm (including columns) 122cm to the back Depth 55cm Height 125cm
