Description

A magnificent George III / George IV period Gonçalo Alves circular Breakfast/Hall table in the manner of Gillows. Supported on a central hexagonal plain column with a triform base, scroll feet and original brass castors. Please note this is not a tilt-top table, it is fixed to the top of the column with four heavy brass screws, meaning it can be taken apart for transportation purposes. It does however mean that it is more rigid and does not wobble when leant on! Gonçalo Alves wood in some parts of the world is called 'Zebra Wood' because of its stripey appearance. A truly stunning table. Diameter: 50.25 inches (128 cm). Dated: c.1820-1830.

Internal Ref: 1629/Q
