1930s silver Cyma pocket watch and chain

Price

Sold**Item Reference: SA1169128****Date of manufacture: 1930**

Description

1930s silver Cyma pocket watch and chain. The watch has a Swiss 15-jewel (3 adjustments) stem-winding movement which is working nicely. The movement is signed with the Cyma name. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case back for Birmingham 1937 with a case maker's mark for the Dennison Watch Case Company, an English case maker and supplier to various watch makers. The case is in lovely condition with just light surface marking. Nice crisp engine turned detail to the back with a vacant cartouche to the centre. The acrylic lens is in good condition, just a little light marking but all very acceptable. The signed dial is in good condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single silver chain, 36cm long including the T-bar and the clasp. The T-bar and clasp are hallmarked for 1909, and each of the graduated links have the lion silver mark. Also included is a double sided silver fob with rose gold wash detailing. The chain and fob weigh 44g. The watch and chain come in a new presentation box.
