Description

A 19th Century porcelain mantle clock by Henri Marc, Paris. The beautiful moulded case is in blue and white with gilt highlights. It stands on a gilt wood base. The 8 Day movement strikes the hours on a bell and has a lovely clear enamel dial. The case is in excellent condition with no breaks and only slight rubbing to the gilding. The movement is in good working order but there is a fine crack to the dial at 5.00 o'clock. The dimensions below include the wooden base. Free UK delivery, international delivery arranged at cost.
