Description

A wonderful pair of gilt Victorian cameo earrings with classical portraits in hardstone above five dangling foxtail chains. It's a nice sign of quality when the cameo heads face opposite directions and have different features. • Condition: The earrings are in good antique condition with minor tarnish to the golden surfaces throughout. The left-facing lady has a chip to the end of her nose and one foxtail is missing its tiny ball at the end. • Fixing: Integral ear wires, supplied with tiny silicone "keepers" to pop on the ends for additional peace of mind. • Era: Victorian (c.1837-1901). • Size: The total drop from the top of each ear wire is 5.5cm. The cameo sections measure approx 2cm across. • Weight: 11.4g.
