Description

An unusual provincial piece, probably French, dating to a round 1800. The piece has a half gallery top standing over three drawers. The diminutive piece was intended for a much less grand part of the house, and would have been used in a scullery or the servant's quarters. Far from fine furniture the primitive piece remains a charming and honest piece. Historic repairs. Measuring: 95 cm high, 66cm wide and 40 cm deep
