Depth = 9 cm (3.5")

Description

Hi I have for sale an a1870s French striking and repeating Grand sonnerie with date work and alarm plus moon -phase carriage clock made in France ,the clock case has been fully restored the movement has also been fully restored with new springs added and is running strong keeping time and striking correctly with the repeat button on the top all running via the original again restored silvered platform. Again this clock was restored by Peter Bonnett before his sad passing. The Case The case is in solid shiny gilt brass and stands 21cm high x 10cm wide with a depth of 9cm it is in original condition with a thick 5mm beveled front/back door and top viewing glass again all in mint condition. The case is very shiny and hard to photograph they do not do the clock justice at all. At the base is the lever for silent or quarters or grand Sonnerie all working correctly. The Dial The dial is in mint original condition in white porcelain with Roman numerals; the clock also retains its original very fine black hands. The Movement The movement is an eight-day time and strike which strikes the hours, quarters and halves and three quarters via two blue steel gongs to the rear also ha...

Internal Ref: CC moon-phase
