Description

This antique French walnut armchair or fauteuil (Circa 1900) was chosen by Culvertons because we felt it was particularly attractive, finely carved, and in a very good useable condition. In fact, it is one of two such armchairs we have recently brought into stock from the same private source. The other, which is being sold separately and can also be also viewed on Selling Antiques, is of a similar age and size, and traditionally upholstered in the same fine light gold and duck egg blue Damask fabric, however, their carved walnut show frames do differ. Each has a feather filled throw cushion. An elegant and comfortable armchair that is ready to be used and enjoyed either singly or as a matching pair. Please contact us if you are interested in purchasing both chairs. ONLY THIS CHAIR IN NOW AVAILABLE AS THE OTHER HAS BEEN SOLD.
