Antique silver Omega fob watch and chain

Price

Sold**Item Reference: SA1172531****Date of manufacture: 1900**

Description

Antique silver Omega fob watch and chain. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega symbol on the regulator. The movement is protected by an inner hinged cover. The watch measures 34mm diameter excluding the winding stem and the loop. The case is 935 silver and there are Continental hallmarks inside both of the case backs. The back cover also has the Omega logo inside. The case is in good condition, just the odd small mark but nothing too serious. Ornate initials to the back of the watch. The glass lens is in lovely condition. The dial is in beautiful condition. The watch comes with a Continental silver chain, 21cm long including the T-bar and the clasp. The watch and chain come in a retailer's presentation box from John Bennett.
