Description

Exceptional Victorian silver plated lamp by Harrison Brothers & Howson 29cm high and in excellent, original condition. From research I believe it dates from c 1875. The base is 11cm square and the lamp is decorated with swags and ribbons around the plinth, all up the column and around the capital. It is fitted with the original bayonet and we have removed the original wiring in accordance with the law. It will need to be rewired in order to function. Please note this is an original lamp and not a converted candlestick. Superb, heavy quality and great looking lamp. Free UK postage
