Description

A smart and very well made antique French walnut side / coffee table, dating from around the 1930's. The quality is outstanding, this has a lovely and versatile design. It has a long slim shape and is finished identically on all sides, it could be used as a coffee table or as a side table against a wall. It is a good height and shape to put a TV on, the lower rattan tier is a very useful feature. It stands on fluted legs, the top edge is beautifully cross banded in Santos rosewood, which does not require a CITES or article 10. We have had this stripped and re-polished to a high standard, the condition is excellent for its age. There is just some minor wear, a few small bumps and marks remaining beneath the polish here and there, commensurate for age. Width – 48 inches , 122 cm Depth – 16 inches , 41 cm Height – 24 inches , 61 cm
