Description

Its the little details that make an IWC so special This is an exemplary near mint original condition example of a gents classic wristwatch made by the world renowned premier maker International Watch Company or IWC. It has the legendary IWC in house calibre 8531 fully automatic regarded as one of the finest automatics ever made and known as the "watchmakers watch" as you can see is in superb condition. The rare Pie Pan dial with distinctive inboard date is in near mint original condition, it has never been restored. The attention to detail is what make these IWC watches stand out from other manufacturers. The movement has Pelaton automatic winding the most efficient winding system but very expensive to make. The minute markers are small polished silver plated circles that are individually machined into the surface of the dial, everyone else like Rolex and Omega just used printed minute markers. The seconds hand is domed along its whole length meaning that from any angle the light reflects along its centre line, these are very difficult to make, everyone else just used standard flat topped seconds hands. It has a new armoured glass. The water resistant versions of...
