Description

Antique silver Record pocket watch, 1919. The watch has a Swiss seven jewel stem-winding movement which is working nicely. The movement is signed with the Record name. It is all protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs, London (import mark), 1919, with a sponsor's mark for George Stockwell. From 1 June 1907, Stockwells acted as assay agents, facilitating the import into Britain of foreign gold and silver items which had to be assayed and hallmarked in a UK assay office before being released for retail. The case is in good condition, a couple of small indentations but not too detrimental at all. The case back has engine turned detail and a vacant cartouche to the centre. The watch glass is in good condition. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
