Description

Very comfortable 19th century Howard & Sons style reading or library armchair. Super quality frame and turned mahogany legs with castors to the front. This is an armchair you will happily use all evening, or afternoon! The current upholstery is vintage, so you can see there are areas of wear and sun bleaching, so this would be a good choice of armchair to use whilst you consider samples for reupholstery. The interior of the seat springs and webbing etc are all good, so it would just be a re cover in your fabric...you would need around 5m to 6m of fabric. The chair is offered as you see it here, hence the low price for this style and quality of armchair. Measuring: Height 35" / 89cm Width 30" / 76cm Depth 40" / 102cm Seat Height 15" / 38cm
