Depth = 4.5 cm (1.8")

Description

Royal House Antiques is delighted to offer for sale this super rare, highly collectible, fully restored, circa 1920 Robert Mouseman Thompson front or back door. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote please send me your postcode and I'll provide you with the exact price. A super rare find, this piece came to me in rather shocking condition, it has been fully restored to include having numerous timber issues resolved, it's then been stripped back and traditionally French polished, the end result is a rare collectable one of a kind door in ready to fit condition. I haven't added any hardware as naturally the new owner will want to select their own, I was thinking a nice wrought iron suite would complement it well. Dimensions: Height:- 196cm Width:- 80cm -81cm Depth:- 4.5cm door only plus 5.5cm for the bottom step. Please note all measurements are taken at the widest point, if you would like any additional or specific measurements please ask. Any questions please feel free to ask.
