Item Reference: SA1174282

Date of manufacture: 1920

Description

An early single piece, fixed pitch, hub mounted wooden aircraft propeller, possibly WW1. The propeller is made up of eight laminates of what we think are mahogany. The number 591 or 59 with the capital letter I is stamped on the reverse of the hub, see photos. Condition. Wing tips are slightly damaged, see photos. This propeller could possibly have been a prototype. Size L206cm x W 28cm x D12.5cm
