Description

Gents 1960s Smiths De Luxe wrist watch. The watch has a Smiths 15-jewel hand-winding movement, signed Made in England, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is chromium plated while the case back is stainless steel. Overall, the case is in lovely condition, just some rubbing to the tips of one of the bottom lugs. The lens has a couple of light marks, all very acceptable. The signed dial is in its original finish, light marking but not too detrimental. A new leather strap has been fitted. The watch comes in a new presentation box.
