Description

A Nice Pair of Victorian Flow Blue Dishes with Gilded Edges offering a striking combination of romantic imagery, rich cobalt hues, and hand-applied gilded accents. Featuring an intricate transferware scene of an exotic palace garden with cascading waterfalls and classical figures, each dish captures the Victorian fascination with faraway lands and ornate design. Their ruffled, scalloped rims and gently undulating surfaces add visual movement and depth, making them as decorative as they are collectible – circa 1890. Measurements: Height: 1 3/4" (approx. 4.5cm) Width: 14" (approx. 35.5cm) Depth: 10" (approx. 25.5cm) Total weight of pair: 1632g In good condition – Some light age-related crazing to the glaze, typical of Victorian ceramics. Minor wear to gilding, but blue transfer remains vibrant. No chips or cracks noted; each dish retains its original form and colour.
