Description

An elegant late 18th-century George III mahogany chest of drawers of classic proportion and fine colour. The arrangement comprises two short drawers over three long drawers, each fitted with brass swan-neck handles and diamond-shaped escutcheons, two of which are later replacements. The chest stands on shaped bracket feet and displays a warm, rich patina throughout. Item Reference: M-6362 . Dimensions: Height - 77.5cm / Width - 113cm / Depth - 54.5cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places, including age-related marks and scratches across the piece. There is a split to one side, as well as staining and dents to the surface. One corner shows a small area of loss (pictured). Two of the diamond-shaped escutcheons are later replacements. All drawers run smoothly, and the piece is solid and sound — overall, a handsome example. Our experienced carpenter thoroughly inspects, repairs, and restores each item in our collection to ensure it is fully prepared for use in your home. For a clear and accurate understanding of each item's condition, we ask that you carefully review all provided photos. These images...
