Description

A 19th Century Riveted Copper Planter or Log Bin, 51cm diameter with Verdigris. A superbly stylish 19th century, English riveted copper planter or log bin with an established timeworn verdigris patination with drainage holes to the base. A handsome riveted copper-copper of good scale and colour, in mostly very good structural condition and shape, with no unsightly dents or splits to the body, please note the rim edge has lifted to a small area which does not affect use or structure. A good example of a riveted copper, with all the elements that make these desirable interior or garden pieces, perfect size log bin or planter and appropriate verdigris colour. Dimensions Diameter 51cm Height 39cm Please request more photos and any questions invited. Priced sensibly to reflect the lifted rim edge area, available now as it is or, we may remove listing and consign to the workshop to have repair and relist at revised price. Dispatched U.K. and worldwide within 2-3 working days with tracking.
