A smart and stylish pair of Art Deco walnut and leather carver armchairs. They were made in England, they date from the 1930's. The quality is superb, they are beautifully crafted and are a lovely size. They are very comfortable and look great from all angles, they would be perfect as occasional side chairs or as desk chairs. The walnut grain patterns are lovely, the leather has a gorgeous colour tone and patina. We have had the frames re-polished, the leather has been revived by our leather restorer.
