Description

You are viewing a gorgeous Grand Tour oil painting of a classic Italianate scene. The landscape shows travelers and horsemen by an architectural fountain. Circa 1780. We believe this was painted by a Dutch artist, a follower of / in the style of the 17th Century Dutch painter Jan Miel (1599). The painting is contained within a period carved English frame with a radiating design from the centre to the sides. The artwork depicts a pastoral scene with figures and animals in a tranquil countryside setting. In the foreground, a man on horseback and a woman seated beside him appear to be resting near a stone monument or fountain, which features a sculpted cherub or putto figure. A small dog is also present, adding charm and liveliness to the scene. The background opens into a broad, atmospheric landscape with trees, distant hills, and soft, luminous skies — typical of Italianate or Grand Tour landscape. Good size at over three feet - 99 CM - wide. Offered in great shape. We will ship to anywhere in the world, please get in touch for a shipping quote. Dimensions in inches (CM): Width x Depth x Height 39 (99) x 32.5 (83).
