Description

A quality 1930s cut glass crystal 'mushroom' table lamp with fine cut glass shade which reflects beautifully when lit. A most attractive example, of good size at approx 40 cm high. Fully rewired in a period style flex and with inline on off switch. PAT safety tested. There are a few chips and nibbles to the glass including a small slither chip to edge of the shade. Mentioned for accuracy and priced accordingly. These are only noticeable under close inspection. A very attractive lamp
