Description

A beautiful antique French onyx and brass plant stand column, dating from around the 1900-1920 period. It is of very fine quality and has a gorgeous design. The green onyx marble has wonderful colours and patterns, offset by the high quality brass mounts and vertical supports. The square top is held in place by a brass peg and is designed to swivel, which is perfect for rotating plants for even light distribution. This would also be great for displaying lamps or objects. The condition is excellent for its age, with no damage and only some extremely minor surface wear. Width – 10.5 inches , 28 cm Depth – 10.5 inches , 28 cm Height – 43 inches , 110 cm
