Description

An outstanding pair of antique leather barrel back wing armchairs. They were made in England and date from the early twentieth century, likely around the 1920-30's. They are of superb quality, they are generous in proportions and are extremely comfortable. The design is beautiful, with wonderful curved barrel shaped backs, the deep buttoned leather frames stand on tapered mahogany legs, the plump seat cushions are feather filled. The colour of the leather is absolutely beautiful, we have had the leather revived by our leather restorer, the legs have also been re-polished. The condition is excellent for their age, with just some minor surface wear here and there, commensurate for age. Width – 35.5 inches , 90 cm Depth – 33 inches , 84 cm Height – 44 inches , 112 cm Seat height – 18 inches , 46 cm
