Description

This small intricate rug, with almost square-shaped proportions, has the feel of a mosaic. An array of bird-shaped motifs surround the central star medallions, which is condensed into a relatively small space. The 'running water' motif can be also be made out along the golden ribbon that surrounds the main field and outer border, a key symbol of life and fertility. With all these elements, this antique rug would be a beautiful addition to any space. Size: 130cm x 115cm Age: Circa 1900 Condition: Good Stock No: SG-HER0225
