Description

Antique Waltham Bond Street pocket watch & chain. The watch has a seven jewel stem-winding movement, Bond Street grade, which is working nicely. The movement is fully signed and it has the serial number 2,651,112 which dates it back to 1885. The watch measures 52mm diameter excluding the winding stem and the loop. The case is nickel and it is in lovely condition, especially considering the age. The acrylic lens is in lovely condition. The dial looks good to the naked eye. There is a short faint hairline over number 4 but you have to look quite carefully to see it. Pin set blued steel hands. The watch comes with a single chain, 27cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
